

TEAM ID	PNT2022TMID27573
PROJECT NAME	Personal Assistance for senior citizens who are self-reliant

## MINUTES OF THE MEETING : SPRINT-1

- To create a form in node-red to deploy the module
- In IBM, an user account is created to work with cloud services
- Python packages are installed to code the module
- Planned to create and configure the IBM cloud service in node-red platform
- At last, the project objectives are defined in which the work of whole project is stated

The screenshot displays a Zoom meeting window. On the left, a web application titled 'Add Medicine' is shown, featuring a 'Medicine Reminder' form. The form includes a text input for 'MedicineName', a time picker for 'Time' (with a placeholder 'Please fill out this field'), and a date picker for 'Date' (with a placeholder 'dd-mm-yyyy'). Below the inputs are 'SUBMIT' and 'CANCEL' buttons. On the right, the Zoom participant list is visible, showing four participants: MARIA ANISHA G 19IT059 (with a blue audio icon), Jane Ruffina, PREETHI R 19IT016, and 'You' (labeled 'You' with a pink 'V' icon). At the bottom, the Zoom toolbar contains icons for mute, video, chat, hand raise, screen share, and a red phone icon. The bottom status bar shows the time '9:45 PM' and the ID 'mqr-guec-mqi'.
