

TEAM ID	PNT2022TMID27573
PROJECT NAME	Personal Assistance for senior citizens who are self-reliant

#### MINUTES OF THE MEETING : SPRINT-4

- To complete the software implementation phase
- Testing of overall code for the project
- To do performance testing, Test Cases report & UAT report

The screenshot shows a Zoom meeting interface. At the top, a banner indicates "MARIA ANISHA G 191T059 is presenting". The main window displays a Node-RED workflow titled "Flow 1". The workflow includes several nodes: "Streaming In", "switch", "function", "delay 10s", "form", "message", "split", "join", and "debug console". The workflow is connected to a "debug console" on the right, which shows a log of messages. The messages are JSON objects, including a "message" object with a "data" field containing a "message" field. The participant list on the right shows five participants: PREETHI R 191T..., JANE RUFFINA..., MARIA ANISHA..., Jane Ruffina, and You (represented by a pink circle with a 'V'). At the bottom, the time is 9:23 PM and the chat window is open, showing the text "mqr-guec-mqr".
